

# READING JOURNEY

**HI TRAVELER!** Welcome to Traveling Children Project's Reading Journey! Join the journey by reading fun books of your choice and tracking how many minutes you read each week. Once you achieve your reading goal each week, from the Journey Kit, use the Journey Compass, along with a little help from your family, to pick a fun journey to experience with them as a reward for all of your awesome reading! Make sure to snap a picture with your Travel Guide TC (aka Traveling Christian) at each adventure and use the Passport Journal to record your fun travels and pictures.

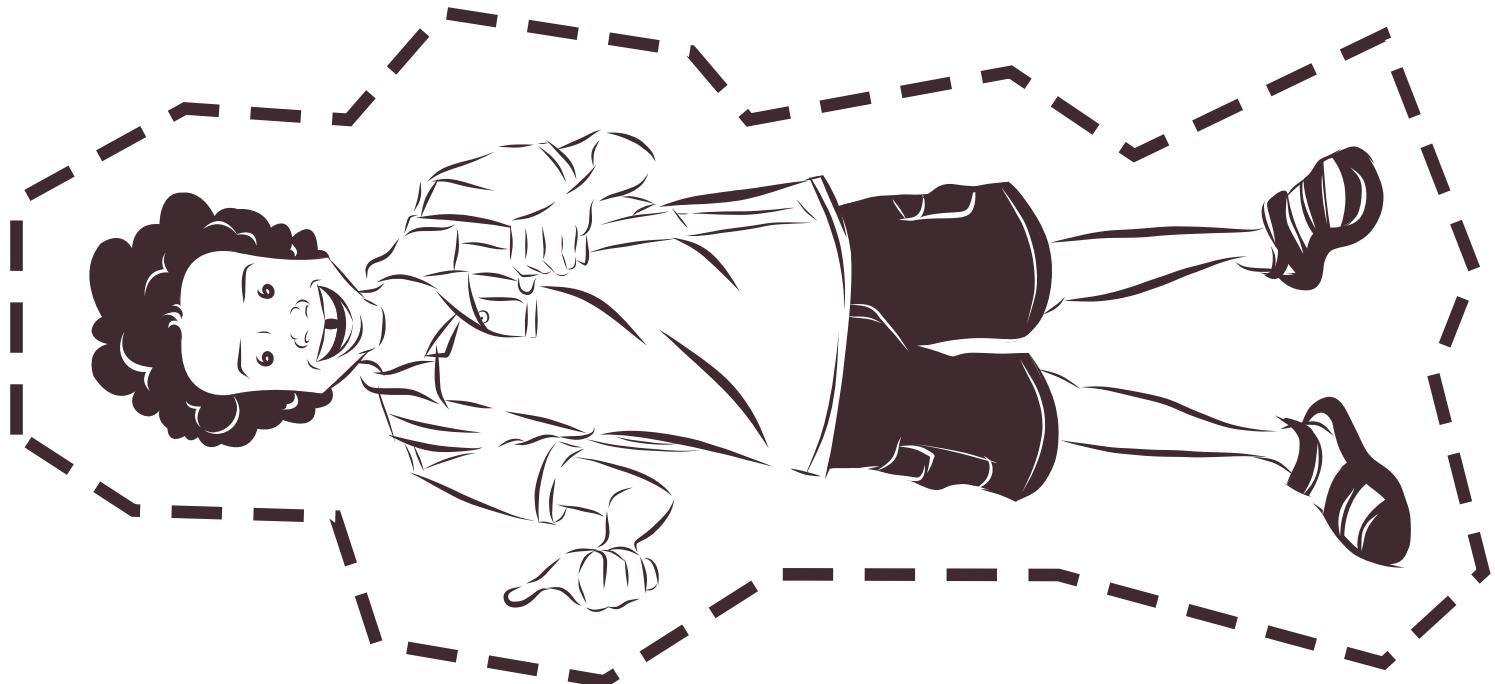

**PARENT!** Take bragging rights by posting your child's journal entries (pictures and writings) each week to the Traveling Children Project Facebook page. Proudly share with your family, friends and other travelers your child's reward journeys for achieving their reading goals. (see posting instructions on reverse)

WEEK 1 - Orlando Science Center: When I first walked into the mummy exhibit I was so pumped! There were so many mummies that were once living people like us. I loved getting the pharaoh hat. I'm going to be a mummy next Halloween. #SummerReadingAdventure #TravelingChildrenProject #TravelingChristian #HappyTravels

Print at 100%.  
Do not 'shrink to fit'  
or 'fit to page.' Cut off  
bottom portion of page.

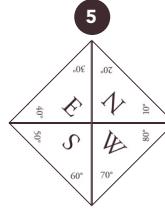

Fold square  
page diagonally  
both ways to  
create an X.

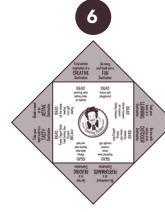

Fold square  
page horizontally  
and vertically to  
create a +.

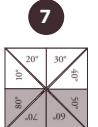

Flip page over.  
Fold top-right  
and bottom-left  
corners in to  
center.

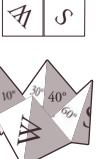

Next, fold  
top-left and  
bottom-right  
corners in to  
center.

Flip page over.  
Fold all four  
corners in to  
center.

Fold bottom-half of  
square up. Place fingers  
in pockets and open up  
Journey Compass.

Once folded, choose a number between 1–10, working compass to and fro that number of times, then pick a degree to reveal a destination.

# CONSTRUCTIONS

## for PIY Passport Journal

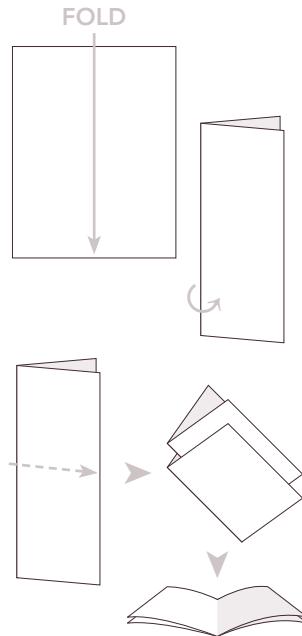

Follow these Print-It-Yourself instructions to construct your child's very own passport.

### A PRINT

- ▶ Print passport FRONTS and BACKS.

### B FOLD

- ▶ Now that you have five double-sided printed sheets. Fold each of the five sheets in half, vertically.

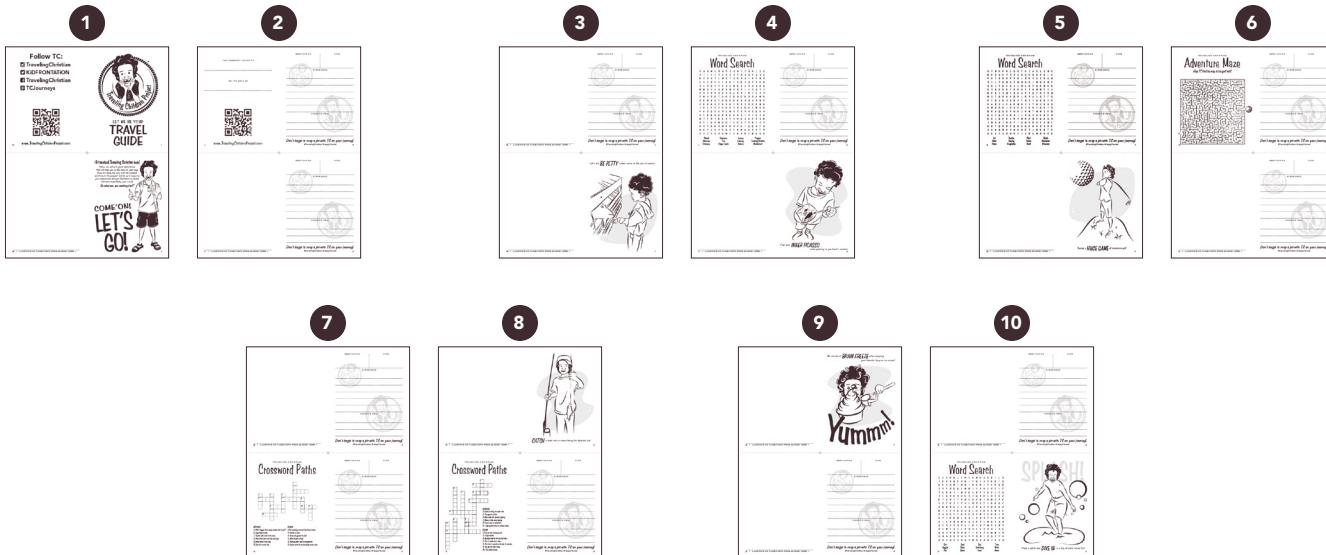

### C CUT

- ▶ Cut folded pages horizontally **on dotted lines** to make two folded halves.
- ▶ Place bottom half inside the fold of top half. Open these pages and lay flat open. Set aside.
- ▶ Repeat this process on remaining four pages, laying each new set of pages flat open on top of the previous set to construct passport.

### OPTIONS:

- ▶ Staple spine, if desired.
- ▶ White paper works just fine, but to add a little color, use pastel colored sheets to brighten up your passport.
